Help Mexia Grow

FOR THE COMMUNITY CHEST.

Searching for the most efficient and economical way of raising funds needed for certain worthy public causes and for the dispensing of charity, big hearted, thoughtful citizens of many communities have evolved the community chest idea.

These men and women who worked out the plan saw the great loss of energy and funds involved in making separate drives for each and every worthy cause. Committees were constantly being impressed by those asked to contribute to the various needs that there were so many campaigns that they were looked upon by some as sort of "nuisances" and withal a "necessary evil". Many times there would be men and women on the committees to raise the funds for more than one of the funds and the citizens to whom they wanted to go would frequently try to avoid them; others would take the more optimistic view and greet them with the question, as their hands would reach for a check book, "How much do you want?" others would cut down their gifts to just as low a figure as they thought they could "and get by with it" and still others would turn away with disgust, dismay or fury whatever happened to be their temperament on that day.

Due to this custom, since the war especially as the campaigns have become more numerous since then and the demands larger, the public has been constantly and continuously faced with appeals for the causes in question. In cities over 100,000, the citizenship was faced with an average of two drives a month the year round and sometimes many of them at the very same time.

Out of this problem and perplexing situation, the Community Chest idea was born, which simply means that representatives of all organizations and institutions that go to the general public for their financial backing meets in a body, each presents a budget of the needs of the year, a committee is appointed from the number and then only one campaign is launched to take care of all of them at one and the same time. Instead of 25 checks, the individual then has to write but one.

Smaller cities all over the country, like Mexia have at once seen the virtue of the plan. And wherever tried, all opposition to the idea has vanished and praise taken the place of condemnation.

Representatives from the various causes that must be taken care of in Mexia and financed by the gifts of the public have recently met here and decided to adopt the plan. Rev. Victor K. Aubrey is the head of the Community Chest Committee and is now working zealously, proprietary to the campaign for funds next Monday. It is not a one man's job. It is a job as wide as our community and a responsibility so great that it will be heavy to some unless every citizen, every man, woman and child here, invest something in the chest and thus carry his part of the load and lighten the burden on others.

Testimonial after testimonial can be offered to show that the Community Chest idea is the best yet advanced. It is considered a forward movement. One central organization for raising funds is a relief to the business man. He can decide the amount of his contribution and not be "annoyed" with numerous solicitors, each one sure that his cause is the most worthy of all. It lessens his work on committees, too, for the busy, business men and the most active women in the community, are most frequently sought to get out on committees and help raise the budgets.

A central organization as the community chest which organization investigates a limited number of worthy institutions, which institutions investigate the individual and judiciously give them their needs, is certainly the proper method for public charity. The institutions in Mexia that come into the Community Chest are absolutely necessary to the community. That has been decided after much discussion year in and year out, not only here but all over America, with the same logical and just conclusion each time.

Hardy Eubanks, President of the Mexia Chamber of Commerce and also President of the Mexia Rotary Club, said: "From what I have been able to learn about the community chest work in other places, it has solved the problem each year for funds by consolidating them in one campaign. The experience of others has proven the consolidation of those drives has been welcomed by the general public and that the matter of securing funds has been re-

EGYPTIANS FIRE ON BRITISH GOVERNOR

Thomas Ince, Noted Picture Director Is Dead

STRICKEN WHILE ON VISIT IN THE HEARST HOME

(By United Press)

HOLLYWOOD, Nov. 19.—Thomas Ince, 40, noted motion picture producer and art director, died at his Beverly Hills residence. Ince was stricken with acute indigestion while visiting the home of William R. Hearst, and was hurried back here in a special car. He was unconscious during the night ride, but regained consciousness shortly before his death. His wife and two sons were at his bedside.

PEP SQUAD AND BAND INVADE MEXIA ON SATURDAY

The Westminster "pep" squad, about 50 strong will come down off the Tehuacana hill Saturday morning to spread the gospel of the game with Clifton College to be played on the Westminster campus next Saturday afternoon. The Tehuacana band will accompany the "pep" squad and they will parade the business streets of the city about 10:30 o'clock.

Westminster is in better shape

for this game than they have been

since playing Rusk College several

weeks ago in which they returned

with a 23 to 3 victory. A large

crowd is expected to go out to the

game from Mexia and a real pigskin battle is promised.

Birthday Party For Annie Pauline Lee

Mrs. L. W. Lee entertained last Friday evening at her home in Fallon honoring the eighth birthday of her daughter Miss Annie Pauline. The home was beautifully decorated for the occasion with pink roses and honeysuckles. Following the games, the birthday cake, topped with white and pink candles, was cut and served. About twenty-five school mates were the guests at the party; after they were served, they did some kodaking and played games. Each of the children departed wishing Pauline many more happy birthdays.

Misses Eva Deo Hall and Grace Heately assisted the hostess in making the party a wonderful success.

GUERRILLA WARFARE FEARED IN CALIFORNIA

(By United Press)

LONE PINE, Calif., Nov. 19.—Talk of guerrilla warfare with "embattled farmers" of Owens river valley against Los Angeles guards is in the air as the newest developments in the water rights fight now entering the fourth day. According to word here during the night guards will be sent from Los Angeles to force the closure of the gates.

Brother Carter will preach at the McKinney Street School, Saturday, Sunday and Sunday night, for the Church of Christ. The public is cordially invited.

GOOD ROADS CONFERENCE OF ALL COMMUNITIES

(By United Press)

A committee of local business men will meet committees from Tehuacana, Forest Glade, Point Enterprise and Shiloh tonight at the City Hall. The purpose of the meeting is to discuss the good roads program that will be voted on December the 16th. Much interest is being taken in these communities and it is hoped that a plan will be arrived at whereby all may be reached with a correct explanation of proposed good road program.

due to a minimum amount of time on the part of the business men and good women with the maximum of results, not only in the amount raised but in the way it is expended.

RICE INSTITUTE AND TCU SHOW MOST PROGRESS

By E. J. STEWART

Athletic Coach University of Texas. Written for the United Press.

AUSTIN, Texas, Nov. 19.—Before the 1924 southwestern conference race got under way, it was my prediction that Baylor, S. M. U. and the Texas Aggies would be bunch ed for the lead at the close with the Longhorns in fourth place.

The teams are standing in that order today with the exception of fourth place, where coach Heisman's Rice Owls are roosting and cannot

finish lower than fourth place in event Baylor defeats the Owls on Thanksgiving day—a probability.

The 1924 season has been productive, developing a better balanced than previously, with T. C. U. and Rice showing the greatest improvement over 1923. Both teams have proved the real surprise packages of the year in this section and showing conclusively that the balance of power in neither material nor coaching is monopolized by a few schools.

It is true that the Western Conference has its Yosts, Wilces, Zupkes, Stagg and others, but for a well-balanced group of eight teams and coaches, I believe that the southwestern conference has its strength more evenly distributed.

The award of the championship this season will not be particularly difficult in event Baylor beats Rice, as the principle adopted by the conference last relative to tie game percentage will undoubtedly work to S. M. U.'s disadvantage. Baylor has been tied once this season, while S. M. U. has three ties chalked up against her—and one of them is Baylor. The Waco entry is my choice against Rice and I believe that S. M. U. will take the Oklahoma Aggies into camp with ease, providing the field is dry.

As far as dose shows, the Longhorns game with the Texas Aggies here Thanksgiving Day looks all A. & M. But, if the Longhorns recover from the injury epidemic, which has kept six Longhorn regulars out of the line-up, the Turkey Day battle will be much closer than many think.

Coach Bible has a fine powerful team and we respect it, but the annual battle between the Aggies and Texas has a psychological background that often allows the under dog to put over a surprise.

It is my greatest desire to get the crippled Longhorns back in shape for the closing game and if such is possible—the game will not be decided until the last whistle.

It is the special delivery letter service now in effect in the United States will be extended to Mexico is believed as a result of the conference of Mexican and United States postal officials here. It was also agreed to permit parcel post packages to be sent c. o. d. to each country.

PARIS, Nov. 19.—The Eve Nouvelles says the Coolidge administration has raised difficulties in the way of the proposed \$100,000,000 loan of J. P. Morgan to France. Negotiations, it is learned, have suffered temporary hitch, but those interested are hopeful that the difficulties raised by the American Government can be overcome and the loan agreement signed.

Wherever students' joy may turn to grief—the "pony" is no more and every night necessitates use of the midnight oil for "tomorrow may be test day."

JOHN W. DAVIS IS OFF FOR EUROPE

(By United Press)

NEW YORK, Nov. 1.—John W. Davis, defeated democratic presidential nominee, sailed with Mrs. Davis for Europe aboard the liner, Paris. Mr. Davis said he is out of politics for the time being and intends to spend several months in French Riviera, and will probably visit England.

FARMING A BUSINESS

(By United Press)

OKLAHOMA CITY, Okla., Nov. 19.—"Make farming a business" was the keynote of the national convention of the Farmer's Educational and Co-operative Union of America which opened here for a three day session ending Thursday. Delegates from 18 states are in attendance.

Flivver Driver Takes His Fire To Fire Station

(By United Press)

GUERO, Nov. 19.—It fell to the lot of a resident of Victoria to give Guero firemen the experience of their lives one night recently, when he stopped in front of the fire station, the rear seat of his flivver in flames, and demanded service.

A cigarette, carelessly tossed away, started the conflagration. The Victorians, with rare presence of mind, leaped to the steering wheel, slammed the doors and sped to the station where the blaze was quickly extinguished. Slightly singed hair constituted the drivers only

"injury."

"I've been to many a fire," remarked Chief Heyer, "but this is the first one that ever came to me."

Around The World; Around The Clock

(By United Press)

ARMAGH, Ireland.—Michael Cardinal Logue, prelate of Ireland since 1887, died here today.

LONDON.—Captain Turner, retired ex-commander of the Cunarder Lusitania, is traveling to Australia in the steerage. He desired to visit his son hurriedly and all other accommodations were taken.

BERLIN.—The Prussian State government has instituted a secret anti-alcohol committee, including prominent sociologists. Special instructions for police on "the effects of alcohol as regards police action towards law violation," is planned.

LISBON, Portugal.—The Cabinet today presented its resignation to the President.

BERLIN.—A pseudo-American named Ettlinger, who paraded Unter Den Linden as a "world's boxing champion," and who said he was from Milwaukee, was knocked out by a Berlin policeman and discovered to be a swindler who was communicating with 200 young girls to whom he had become engaged.

ROTENDAM.—The Portuguese aviator, Admiral Sacadura Cabral, who crossed the Atlantic in 1922, is feared lost in the North Sea. He left Rotterdam in a hydroplane Saturday and has not been heard from.

SAN ANTONIO, Tex.—That the special delivery letter service now in effect in the United States will be extended to Mexico is believed as a result of the conference of Mexican and United States postal officials here. It was also agreed to permit parcel post packages to be sent c. o. d. to each country.

PARIS, Nov. 19.—The Eve Nouvelles says the Coolidge administration has raised difficulties in the way of the proposed \$100,000,000 loan of J. P. Morgan to France. Negotiations, it is learned, have suffered temporary hitch, but those interested are hopeful that the difficulties raised by the American Government can be overcome and the loan agreement signed.

INCREASED PENSIONS FOR CONFEDERATES

(By United Press)

AUSTIN, Texas, Nov. 19.—The 2c increase in the confederate pension tax provided for in the constitutional amendment voted in the recent general election will not be in operation until 1926, according to State Comptroller Lon A. Smith. The present rate is 5c per \$100 property valuation.

GETTING READY, ALREADY.

(By United Press)

AUSTIN, Texas, Nov. 19.—An amendment to the public school textbook law to prevent wholesale changes in contracts at any one session of the State Textbook Commission is being prepared by Senator-elect Eugene Miller, of Parker county. Miller announced here. The bill will be introduced early in the coming regular session of the Legislature.

Stock Exchange Upsets Forecasts Thirteenth Day

(By United Press)

NEW YORK, Nov. 19.—Upsetting all forecasts, the New York Stock Exchange today entered its thirteenth day of unprecedented activity following a new record spurt yesterday when, 2,257,780 shares were dealt in.

The day's advance carried industrial stocks up 1.25 per cent and railroad stocks up .75 per cent, the entire market advancing exactly one point, which broke all existing records.

A total of 534 separate issues were traded in and 68 industrial stocks went into new high ground for the year and new high prices were established by 26 railroad stocks.

The tremendous upswing since the election averages a little better than 6 1/2 points for all stocks. An idea of this record jump may be gained from the following table showing the average at the close of business Nov. 3, the night before election, and last night.

Nov. 3 Nov. 18 Changes
Industrials 118.94 126.51 up 7.47
Railroads 70.58 76.19 up 5.61
50 other stocks 94.76 101.35 up 6.59

Geneva Protocol Scrapped Says Daily Telegraph

(By Lloyd Allen
United Press Staff Correspondent)

GENEVA, Nov. 19.—American proposals for suppression of traffic in opium, narcotics and harmful drugs, were made public upon their presentation to the international conference here today.

Congressman Stephen Porter, who, with Bishop Brent, heads the American delegation, laid the suggestions of the United States before the representatives of 45 nations, gathered to agree upon steps to reduce to a minimum the world traffic in drugs.

The American proposals are based on the content of the United States Government that the use of opium products for other than medical and scientific purposes is not legitimate and that the abuse of these drugs can be stopped only by preventing production of raw opium beyond established medical and scientific requirements.

The specific proposals include:

1. Limit production of raw opium and coca leaves to medical and scientific needs.

2. Reduce importation of prepared opium each year until it is completely abolished at the end of ten years.

3. Prohibit manufacture and distribution of heroin.

4. Require separate import and export licenses for each shipment of morphine, cocaine and derivatives.

5. Establish a central board and furnish it with full national reports concerning legitimate opium requirements, production of raw products and manufacture of prepared products and other related statistics.

Each signatory nation shall agree to aid the board in necessary special investigations carried on by it.

MILLION DOLLARS TO BE SHOWN IN BANDIT'S TRIAL

(By United Press)

CHICAGO, Nov. 19.—A million dollars in currency of the three million dollars looted by armed bandits at the Roundout, Ill., mail train robbery, will be brought into open court late this afternoon for identification by Brent Glasscock, bandit. Chief Government inspectors indicated at the trial of William Fahy, former postal inspector and two Chicago politicians, charged with plotting the robbery.

STACK AND DAR ARE SERIOUSLY WOUNDED AS RESULT

(By United Press)

CAIRO, Nov. 19.—An attempt to assassinate Sir Lee Stack, governor general of the Sudan and Sir Dar of the Egyptian army, resulted in serious wounding of British officials this morning. Three shots were fired, wounding Stack. Policeman and Stack's aide were also struck.

Tuesday Big Day At Westminster

Tuesday was a day of inspiration at Westminster College when a program was held in the auditorium of the Main Building and a dinner was served students and visitors at the noon hour in the college dining room.

At the morning exercises, following the splendid music by the student band and a solo by the talented Mrs. Scott, L. S. Patterson and A. Hardy Eubanks of Mexia made great addresses which aroused the enthusiasm of every auditor before them.

New Records
By Railroads

(By United Press)
NEW YORK, Nov. 19.—New records were established by the railroads in successfully handling enormous traffic offered to them this year, according to the report of the car service division of the American Railway Association, showing 13,079,655 cars were loaded in the three months period, Aug. 1 to Nov. 1.

All previous grain loading records were broken on practically all western lines, while grain handled in the East exceeded all previous records.

"There has been no accumulation of traffic or congestion during 1924 chargeable to railroad disability," the report said.

"No general orders requiring a general movement of cars in volume from one section of the country to another were necessary this year."

Rev. W. B. Andrews has returned from Brownwood where he attended the annual conference of the Central Texas Methodist churches. He was returned to Mexia for the third year and upon his return has been assured on every hand of the general pleasure over having him back again. He in turn expresses the hope that the coming conference year will be the best of all and announces that the conference year starts at the First Methodist church, with prayer. The usual weekly prayer meeting service will be held. The public is always cordially invited to this church.

If everybody who inspected the Black Land Special in Mexia Tuesday spoke about their own community with the enthusiasm exhibited by Commissioner John Kennedy of this Precinct, as he went through the train, the visitors must have been impressed with the fact that the great Mexia country has no superior. After all, the big thing about the train was not so much the exhibits shown, as varied and as fine they were, but the spirit of the citizens who dug deep and dug out \$35,000 for the advertising project is represented in the train.

City Editor Thompson of the Galveston News who was with the Black Land Special through here Tuesday and handling the publicity for the train, stated that Mexia was one of the liveliest places that had been visited on the extended tour. He spoke high words of praise for the city, after an automobile trip over the business, industrial and residential district and a brief visit to the oil field.

Prayer meeting services are announced in all local protestant churchestonight, to which the memberships and public generally are cordially invited to attend.

CALLED MEETING
MASONIC LODGE

There will be a called meeting of Springfield Lodge No. 74, A. F. and A. M., tonight at 7:30 for work in the F. C. degree. Visitors are always welcome.

RODNEY TIDWELL, W. M.

Commissioner B. B. Simmonds found much interest in the Black Land Special. He visited the train and greeted many of the Blacklanders. Commissioner Simmonds has a big body of black land down there but he prefers to live and serve in the best town and the best community in Texas, our own Mexia.

Visitors were here from all parts of Limestone and Freestone counties Tuesday to see the Black Land Special. Many of them, as well as many local citizens, had friends and relatives on the train.

A THREE DAYS'
COUGH IS YOUR
DANGER SIGNAL

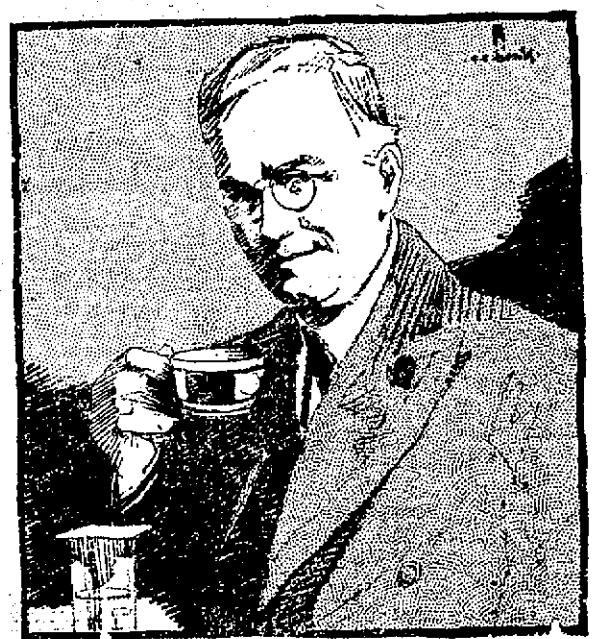

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with twofold action; it soothes and heals the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga. (Adv.)

Mr. Conyers of Conyers Livestock and Feed Company, formerly of Marlin and who is well known in Mexia, where he has a thriving business, was on board the Black Land Special. Many friends saw him. He is now a citizen of Corpus Christi.

Roy Dennis of Mineral Wells, formerly of Mexia, was a business visitor here Tuesday.

"Good to the Last Drop"

ROMANCE lies within the circle of your cup of Maxwell House. That fragrant aroma breathes of Araby and distant sun-wrapped lands where the finest coffee is grown.

There are visions of the great ships breasting foamy miles to bring the treasure home.

There's the long, long quest for the exact blending of these fine coffees to create the flavor that is "Good to the Last Drop."

ALONG THE SIDELINES

By HECK.

Jinx Tucker Sport Editor of the Waco News-Tribune gives the Marlin Bulldogs a wide edge over the Waco Tigers when the two elevens tangle Friday or Saturday, the exact date to be announced later, but from the sidelines it looks like Jinx is just trying to kid somebody into betting their hard earned jack against Tyson's Tygers but I don't think Jinx is fooling anyone who follows the game close enough to wager their ducats on the outcome.

I'll admit that in the Marlin Bulldog eleven Coach Mayhew has one of the best Class B teams in the state but when you compare them with the Waco Tigers it's a horse of a different color, especially if Cuffie Lenoir is hold on the ineligible list and I suppose he will be.

However, in Pyland and Russell the Tigers will face two of the fleetest hoofing backs that they will see in many a day but at the same time one must consider Paul Tyson is about the same light as they do Frank Bridges and that means he is always ready to meet the opposition with just a little better stuff than is expected and I fully expect Tyson to rise to the emergency and the Tigers will wallop the Bulldogs in their usual fashion.

Right now it looks like Cleburne will be a sure contended for the All-State honors and perhaps the winner of the Vernon-Amarillo deadlock will be among those present, provided they can ever break the tie between them and decide on a winner.

Jinx rises in defense of Roy Henderson, director of the Interscholastic league who has been panned severely by various would be sport scribes about the state for decisions made against certain teams and in this connection Jinx sure says a plenty and what he says is the dead truth. Henderson has made enemies with decisions regarding violations of the eligibility rule even though he has been in the right every time and a few week minded coaches and scribes are raving over being caught red handed in trying to slip by with players who would be ineligible in any school and claim that Henderson is doing git to "help" some favorite eleven or some personal friend. To any fair minded fan or scribe such claims are taken as mere twaddle and it really is laughable to hear some of the complaints that are made against Henderson.

To begin with there would have been no Interscholastic league but for Roy Henderson and the real purpose of the league is to come to a concrete decision of just who really is the state champion and thus do away with a whole flock of teams claiming the championship. Another reason was to abolish the "ringer," the paid player and the old stunt of students purposely failing in the studies so that they might continue in school just for the sake of playing football. Henderson's plan has definitely placed the students school work ahead of his athletic standing and now the student must reach certain grades in his studies before he can participate in athletics in any form and while the rules laid down by the Interscholastic league has played the devils with many an "old head" High school eleven it has been a boon to the game and a wonderful aid to the schools in that it makes the student get down and dig to make his grades—and that is what we send our kids to school for.

Marvin Bennett will be back at center in the Corsicana game Friday and that will mean much to the Cats. Not that "Fighting Bill" Murphy is not capable for the world

SOCIETY DAZED AT RHINELANDER ELOPEMENT.

MRS. LEONARD KIP RHINELANDER

A bombshell was thrown into the aristocratic ranks of the blue bloods of New York and Newport by the announcement that Leo "d Kip Rhinelander, twenty-two-year-old scion of one of America's greatest and richest families, had eloped in New Rochelle, N. Y., with Alice Beatrice Jones, daughter of a former hack driver. The girl bitterly denied statements that she is a Negress. Her father is a West Indian.

knows he is and he showed brilliantly in the Palestine game but Bennett will add strength to the line and Murphy will return to his usual place at guard where he is hard to beat.

Lucas was knocked out in the Palestine game but continued to play even though he did not know what it was all about and thus the Cats played the entire game without the aid of a single substitution.

Corsicana came with a splendid record among the Class A elevens and even though they took a terrible licking from the Waco Tigers they are doped to beat the Cats by two touchdowns and this dope will about run true to form for I look for a "let down" in the Cats

If the old Cat fight would be

work since the Palestine game as the Cats showed in the first half of that game that they are losing their old pep and are to slow in getting started.

My dope is that Corsicana will get the jump on the Cats and put over the winning touchdowns before the Cats realize they are up against a real team and Corsicana is plenty strong enough to go on the defensive and hold the Cats all the way to the finish. The Cats will be heavily outweighed as usual in this game and I think they are about ready to break under the long season of fighting heavy elevens so I can't figure anything but the Cats losing Friday by two touchdowns.

If the old Cat fight would be

there I would think different but from their work in practice the past two evenings I can't give them anything but a trimming by Corsicana.

Captain Thompson of the Cats showed his best game at Palestine and now seems to have found himself and the way he swept around the ends and plunged the line was worth the hard trip to see. Thompson looks to have regained his last years speed and is fully recovered from his early season injury, which has handicapped him greatly.

The coach of the Negro Hi in Palestine brought his African eleven to the game to watch the Palestine eleven in action but after the opening of the second half they became vociferous in their compliments of the fast flying Cats and after the game they freely admitted that the Cats were the "very best."

I had a chat with Country Williamson at the Baylor-SMU game where the Gusher catcher was handling one end of the chain for the

head linesman and Country vouches for the fact that his Mart eleven is all set to trim the Cats at Nowlin park Turkey Day which winds up the season for both elevens. From all dope I can gather Country has a splendid eleven at Mart and it will be a great game to watch and one worth going miles to see.

NO ONE LIKES TO LOOK AT A "BROKEN OUT" FACE

If people who are bothered with pimples, acne, blisters, bumps, rash, "breaking out," etc., would just notice or ask their dealer they would find that thousands of people who once were in the same shape they are in are now free from these distressing things, and the secret of it is that they have learned that the one sure way to do it is by using the wonderful Black and White Ointment, together with Black and White Soap.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

However, right now you must be sure to come out and see this battle and root for the Cats as they will need all they can get and then some.

A Pointer on Tobacco—
The slower a tobacco burns, the
cooler it smokes. Also the longer it
lasts. This slow burning is due to the
"cut". Granger is "rough cut" to
smoke slow and cool—cut for pipes,
not cigarettes. And Wellman's famous
old secret method produces richer
fragrance and taste.

We want the news, all the news of all the people, while it is news, and requests the readers to send in or telephone 146 or 361 news items and personals of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Post Office at Mexia, Texas, under the act of March 3, 1879.

**"For Mexia, I WILL"**

THE NEWS PROGRAM FOR 1924-25

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacan. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More good roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) A growing "trade-at-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

BOOKS, LOOKS AND ROADS

Many examples of misspent energy are evident today. There's movement on to write a new history of the United States. Magazines of 1925 are to carry "A Different Story of the Life of Christ." And now comes a fellow who is to write a new dictionary when such fellows as Ben Hunt even don't know half of the old one.

Evidently a man's looks do not have a very great influence winning votes from the American voters, men or women. John W. Davis was nominated by a woman from West Virginia as the best looking man in the Democratic party. The question seems to have come up in Missouri in other races for at the conclusion of the elections when James E. Fulbright, candidate for Congress, wired congratulations to the winner, as follows: "I admit you are the best looking man. The verdict is in your favor." Ralph E. Bailey, the opponent, wired him back, "Thank you for your congratulations. The issue bet: our good looks made it a very close race." These instances told direct Albert Berry to a decision to keep his hat out of the ring and never seek public favor at the polls.

Speaking of good looks, however, it pays a country to keep up the very best appearances as far as its roads are concerned. One good roads enthusiast, who is in favor of the bonds to be voted on in December said Tuesday that you can't put a wagon load of gravel on the road by any farm without increasing the value of that farm. That's something for every property owner in this part of Limestone to think about.

Speaking of good roads and good looks reminds us of a story about Horace Trippett, one of the leading lawyers of Waco and a most worthy citizen. He graduated from B. Hall and the Law Department of the University of Texas several years ago, after having worked his way through, working through B. Hall waiting on tables and working through the law department by sheer worthiness and his friends add by "pull with the faculty." Be that as it may, it is immaterial for the purpose of this discussion. Soon after graduation, he won the hand of a fine young lady in Ellis county. They married and soon afterwards boarded the train for Waco where they were to start out in life. There were two old ladies on the train from Mrs. Trippett's home community who did not know that seated several seats back of them were the happy newlyweds. The old ladies were talking in piping voices of late events at home, when the train slowed up to get water and their voices could be heard all over the train. One of them said, "Have you heard about Mary gettin' married?" referring to the young bride. The other one replied, "Law, no, who did she marry?" To this question, the first speaker said "Why, she married that trillin', no account, ugly Horace Trippett." "My, my," exclaimed the other who was shocked immeasurably at the announcement, "Couldn't she do better than that?" The other old lady then replied apologetically and sympathetically, "Well, you see, Mary never lived on the main road." The train pulled out and the voices were lost in the din, but the conversation brings out the point, which all young folks are interested in, that it pays to live on good roads. Vote for the bond issue, December 16.

PROGRAM

Old Editors Meeting Galveston and Houston Nov. 4, 5, and 6.

First Day.

LOUIS C. ELBERT, Chairman of the Day.

10:00 a. m.—Meeting called to order by President Foster with short address.

Invocation by Rt. Rev. Monsignor V. M. Kirwin.

Address of Welcome by Mayor Davis of Galveston.

Response by W. H. Mayo.

Address by R. M. Johnston.

Round Table Discussions led by W. D. Van Blarcom.

"Pleasures of the Game," by Mrs. Lee J. Rountree.

Talk by E. T. Merriman.

12:30 p. m.—This entertainment.

Brown Hospital, Inc.

Thoroughly Equipped

Modern

400 S. Ross Ave.

feature will be announced at meeting.

2:30 p. m.—Meeting called to order.

"Where Do We Go From Here," by Austin Calman.

Address by John F. Lubben.

Round Table Discussions led by Louis Blaylock.

Talk by Geo. H. Boyton.

6:00 p. m.—Dinner at Rogers,

guests of the Galveston News, Louis

C. Elbert, Toastmaster.

Second Day.

HARRY COHEN, Chairman of the Day.

8:00 a. m.—Breakfast at the Galvez Hotel, compliments of the Galveston Tribune, A. L. Perkins Master of Ceremonies.

Pastor Says There Are Marriages In Heaven

(By United Press)

CHICAGO, Nov. 18—There is hope for the bachelors and bachelor maids for there are marriages in heaven, according to the Reverend Walker Brown Murray, pastor of the Kenwood New Church here. However, no children are born in heaven, Mr. Murray said in his sermon on "The Beauty of Marriage."

Marriage is the perfect state of happiness; therefore, all persons should marry, Mr. Murray held. If they do not marry on earth, they will find perfect mates in heaven.

"In heaven no children are born," he said, "though there is a continuation of the marriage relationship in every way."

HARRY COHEN, Chairman of the Day.

8:00 a. m.—Breakfast at the Galvez Hotel, compliments of the Galveston Tribune, A. L. Perkins Master of Ceremonies.

9:30 a. m.—Meeting called to order.

PUBLIC LIBRARY HELPS THOSE WHO HELP SELVES

The Mexia Public Library is included in the public causes consolidated in the Community Chest Campaign. The community chest fund decided upon, which provides for the Mexia library, is \$6,500.

In making statement regarding the Public Library, the Library Board here issued the following:

An inexhaustible mine of pleasure is open for the boy or girl who loves good books and has access to them. Without effort on the part of the parent they are kept off the street and from the company of the idle and vicious and are storing their minds with useful knowledge, or are being taught high ideals and noble purposes. Thus they develop into men and women who are an honor to their parents and worthy citizens of our great republic.

Such is the product of a Free Public Library. It is not worth the price it will cost? Many a laboring man spends more money in a week for tobacco than the maintenance of a library would cost him in a year. Is not the education and the development of our bright boys and girls worth a little self-denial?

We all desire that our children shall have better opportunities than we have had, and not have to work as we have worked. Here is an opportunity to help them help themselves, which is the very best help that can be given any one. Let's be "booster," and help ourselves, help our town, and help our boys and girls by unitedly supporting the library proposition.

LIBRARY BOARD.

NOTICE OF APPLICATION TO MAKE OIL & GAS LEASE

No. 505.

In the Estate of H. L. Adamson, deceased.

In the County Court of Limestone County, Texas November 11-19

Notice is hereby given that I, Mary E. Adamson, Independent Executrix of the Estate of Hugh L. Adamson, deceased, have this day filed my application in the above named and numbered cause for an order of the county Judge of Limestone County, Texas, authorizing me as Independent Executrix of the Estate of Hugh L. Adamson, deceased to make an oil and gas lease, or leases upon such terms and conditions as the court may order and direct, on the following described real estate belonging to the estate of the said Hugh L. Adamson, deceased:

An undivided one-eighth (1/8) interest in and to the following described land out of the Sarah McLean Survey in Limestone County, Texas, to-wit: Being twenty acres of land out of that certain 255 1/4 acre tract of land set

AMERICAN LEGION NATIONAL LEGISLATIVE COMMITTEE IS WORK TO REHARNESS PERSHING

INDIANAPOLIS, Nov. 18.—The American Legion national legislative committee will sponsor a bill in Congress to restore General John J. Pershing to active service in the army.

John Taylor, chairman of the committee, announced here. Taylor said the Legion feels that General Pershing's knowledge and experience should be utilized in the army.

apart to Mrs. Henrietta Adamson as shown by the plat in the decree of partition in the cause of Henrietta Adamson et al vs. E. T. Edwards et al, No. 987, on page 201 of volume C, Minutes of the District Court of Limestone County, Texas; the said twenty three acres being more particularly described as follows, to-wit: Beginning at the southeast corner of a twenty acre tract of land covered by an oil and gas mineral lease recently sold by W. L. Adamson and others to R. A. Montague; thence west along the south line of said twenty acre tract to the southwest corner of same which is the northwest corner of this 23 acre tract; thence south along the east line of the eleven acre tract of Mrs. Beckham's as shown by the above mentioned plat, a sufficient distance to a point from which a line drawn east to the east line of said 255 1/4 acre tract and thence north to the place of beginning would enclose twenty three acres of land; thence from said point which is the southwest corner of this 23 acre tract, east to a point on the east line of said Henrietta Adamson 255 1/4 acre tract for the southeast corner of this twenty three acre tract; thence north along the east line of the said Henrietta Adamson 255 1/4 acre tract to the place of beginning, containing exactly twenty three acres of land.

That said application will be heard by the County Judge of Limestone County, Texas, at the court house in the city of Groesbeck, Limestone County, Texas, on the First day of December, A. D. 1924.

RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or

W. A. JACKSON CO.
"THE STORE AHEAD"

EXHIBITS VIEWED BY 2176 PEOPLE HERE ON TUESDAY

Before returning to Corpus Christi Saturday morning Black Landers from the Gulf Coast section will carry their eleven car special train, the first ever run by farmers in Texas, into College Station for the inspection of the faculty and students of Texas A. and M. College. Believing it important to carry their message to the state agricultural college, the more than a hundred farmers decided on the change late Monday night.

They will be in College Station Wednesday from 3:15 p. m. to 9:30 o'clock during which time the four exhibit cars and the four reel motion picture will be shown. At the same time the farmers will be shown over the college campus and through the experiment station.

Terming this the greatest single piece of advertising any section of the state ever received, the trippers have laid plans to organize the Blacklanders, Inc., to follow up the advantages gained through the twelve day invasion of central and north Texas towns when more than thirty towns were touched.

In Mexia the exhibits were seen by 2,176 people, bringing the total for nine days to something over 40,000. The original estimate of 50,000 is expected to be reached before closing Friday night at Alton. Officials believe the advertising secured will be worth an unmeasured sum and they are beginning to call the special the "million dollar train." The new body is to be cooperative as the train was all individuals are to be submerged for the good of the four counties, Kleberg, San Patricio, Jim Wells and Nueces.

Already plans are being made for another excursion next year into another part of the state. The new body will foster agricultural development solely.

The Ladies Aid of the First Christian church will hold a market Day sale, consisting of dressed chickens, cake, pies, candies etc. at the Wilson & Beene Grocery Co. on Saturday, Nov. 22. 19-R-3

Missionary Meeting Of Inspiration Held By Methodist Women

On Monday afternoon, the Methodist Women's Missionary Society met in social session at the home of Mrs. George Petty, with Mrs. E. L. Smith in charge of the devotional. On the subject "The Sufficient Power" Mrs. Smith applied the lesson of divine guidance and spiritual renewal, also pointing the Biblical reference to universal brotherhood.

China was sketched in a series of leaflets distributed and commented on by Miss Ward, following which Mrs. Berry made a splendid talk on child welfare. This part of the program was continued in a paper by Mrs. Poteet on "Children of Industrial Mothers." Mrs. Blake Smith gave a charming piano solo, and Miss Boyd and Mrs. Roy Johansen sang.

After a short business discussion a salad course was served. Mrs. Petty was assisted as hostess by Mr. J. C. Yeldell, Mrs. Tom Prickett, Mrs. W. O. Colwell.

"Nor can I understand how anyone

ROOTING NOT ESSENTIAL TO BASEBALL, DECLARER McGRAW, ANSWERING ENGLISH

(By International News Service.)
LONDON, Nov. 17.—Manager John McGraw, of the New York Giants, doesn't think rooting is an essential part of a baseball game, nor does he like the prevailing English criticism of the game that it is a glorified form of "rounders."

"Baseball rooting, after all, is no worse than the way a football crowd expresses its feelings," declared McGraw, in answering English critics. "We, Americans, could never sit in such solemn silence watching cricket, as the English do. We like to feel that we are part of the game, and so we join in with remarks, chipping the players and being intensely partisan.

"Baseball cannot well be compared with cricket, which is a slow, stately game requiring a much longer time, a better-laid-out pitch and more players. Baseball is a fine, vigorous, sportsmanlike game.

"Nor can I understand how anyone can run down baseball on the ground of its being 'glorified rounders.' It's a magnificently skillful game, which requires most excellent throwing and

catching. I am told that none of the English cricketers can throw like our boys. Our pitchers attain a marvelous degree of skill, and the batsman has to be some hitter to keep up the number of home runs a season that some of them make."

Read the advertisements in this paper. They contain messages of interest to everyone.

Power in the Blood!

You will be compelled to admit that the results of S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. contains only vegetable medicinal ingredients. Because S. S. does build red-blood-cells, it routes rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. today and get back that power in your blood!

S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Cool Work of Two Bandits

TOPEKA, Kas., Nov. 18.—Two bandits robbing a Topeka drugstore within two blocks of the police station were holding the proprietor of the store and a clerk at the point of guns when a customer entered. One of the robbers waited on the customer, sold him a package of chewing

gum and then resumed the hold-up.

The robbers escaped with \$240 and some jewelry.

CITATION BY PUBLICATION.

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Goresbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer a petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Kerner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the plaintiffs three vendor's lien notes, each for the sum of \$1,243.33, due on or before March 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land. All that certain tract or parcel of land, a part of the P. Varela's XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil K.

Said property was conveyed by plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,729.99. Said notes have given to

Keys & Mason, Attorneys, for collection. Plaintiff to pay Attorneys ten per cent for collection fee.

Plaintiff says defendants divided said property into what is known as Winans Addition to the City of Mexia, and plaintiff released Lot 4 in block 16 of said addition, but asserts that lien is valid against hereinabove described property, with exception of Lot No. 4, in Block 16.

Plaintiff further says defendants

are attempting to assert a Materialman's Lien on Lots 18 and 19, in Block 4 of said Winans Addition.

Said lien constitutes a cloud upon title and should be held for naught.

Wherefore plaintiff prays for

judgment for his debt, interest, at-

torney's fees, and costs of suit, and

for foreclosure of his lien on above

described land and premises, and

that same be sold according to law;

that officer executing said sale

Annual Report of The Director of Census

WASHINGTON, D. C., Nov. 18.—In his annual report to the Secretary of Commerce, made public today, William M. Stewart, Director of the Census, describes the census work during the fiscal year ended June 30, 1924. The statistical subjects concerning which data were collected and compiled during that year included, among others, the following: Inmates of institutions, including prisons and reformatories; births and deaths; marriage and divorce; electrical industries; manufacturing industries; wealth, public debt; and taxation; State and municipal finance; current industrial and business conditions; cotton and cottonseed; and leaf-tobacco stocks.

Preparations are being made for a census of agriculture, to be taken in January, 1925. This census, at which will be collected data in regard to acreage of farm land, acreage and production of principal crops, number and value of domestic animals, etc., will be the first census of agriculture ever taken except in connection with a decennial census of population.

During the fiscal year the Bureau issued 217 printed reports, bulletins, etc., with a total of nearly 17,000 pages and an aggregate edition of more than 3,000,000. In addition, more 1,000 multigraphed and mimeographed press releases, with a total edition of more than 1,500,000, were distributed to the press and to organizations and individuals.

During the fiscal year a number of improvements and economies in the census work were put into effect, and others already in effect were further developed. These included, among others, the bringing about of closer and more effective cooperation between the Bureau and industrial and commercial organizations, manufacturers, and State and local officials; the reorganization and simplification of the tabulation of industrial statistics; greater promptness of publication; and reduction in printing costs. As one result of these economies, the Bureau was able to return to the Treasury between \$20,000 and \$30,000 of the amount appropriated to carry on the census work during the fiscal year.

The census statistics in regard to the Bureau's numerous inquiries are published with a minimum of delay, which are issued in some cases a year or more in advance of the publication of the final reports, now present a greater amount of detail than formerly. The Monthly Survey of Current Business, the publication of which was begun in July, 1921, covers more than 1,000 indexes of commercial and industrial activity and is sent to a mailing list comprising approximately 8,500 paid subscribers, in addition to newspapers, trade associations, representatives of the United States Consular Service, and commercial attaches.

With the view of avoiding delay and duplication of work, the Director recommends legislation transferring the collection of data as to quantities of leaf tobacco held by certain classes of manufacturers and dealers from the Bureau of the Census to the Bureau of Internal Revenue.

The Census force at the close of the fiscal year 1924 comprised 792 employees. During the past 10 years the increase in the census work has been relatively much greater than the increase in the Bureau's force.

Reclassification, although raising the Census salaries to some extent, nevertheless did not remove in its entirety the handicap under which the Census Bureau has always labored as a result of its relatively low salary scale.

THE LIFE OF ROBERT LOUIS STEVENSON

Robert Louis Stevenson is our second grade class poet. He was born in Scotland on November the 13th, 1850. He liked to study and write poetry. Mr. Stevenson was kind and good to every one. He wrote many poems about children. Some of his poems that we have studied are "My Shadow," "Where Go The Boats?", and "The Wind." In these poems Robert Louis Stevenson teaches us to be cheerful and happy all the time.

NOTED AUTHOR DEAD AT THE AGE OF 75

Mrs. Frances Hodgson Burnett, author of "Little Lord Fauntleroy" and scores of other popular books, is dead at her home in Plandome, Long Island, at the age of seventy-five. She was one of the world's highest paid writers, many of her books netting her ten cents a word. In the last two years she received two hundred thousand dollars in royalties, one book paying her two thousand dollars a week for a few months. —Virginia Lewis, SA.

Six Flagmen Aid Motorists Across Trestle, R. R. Helps Stranded Tourist

West Palm Beach, Fla., Special: Probably the only case in history where motorists were able to pass by hundreds over a board railway trestle, protected by six flagmen and two telegraph operators, who warned of approaching trains, was recorded the other day when a heavy storm washed out the concrete highway bridge at Kellogg City on the Florida East Coast Railway, holding up throngs of motorists bound for Palm Beach. The stranded motorists were aided free of charge. It would have been an easy matter for the railroad to have commercialized the situation, using fast cars at a charge. The fine example of sportsmanship and good will shown to the Florida winter visitors, is being held up as a guiding light to others to assist motorists when they are far afield.

LIONS HEAR DAVID MURPHY DISCUSS ROAD BOND ELECTION IN DECEMBER AND UNANIMOUSLY FAVOR THE ISSUE

"Let's put over the consolidated the citizens of Mexia and this country in the matter of letting contracts and all matters pertaining to the construction of these roads."

I went to Austin sometime in September and had an interview with the State Highway Commission, Mr. Walker, the Chairman, assured me that for sometime there would be no federal aid, as all of the funds were to be used for roads that were now ready to proceed with their construction. He advised us to go ahead and get the election and carry some, as they would not promise anything unless we could promise that we would go on with the matter, and we are now ready. I am sure that there will be no trouble in getting federal aid later, after we have carried out our bond election.

Rotarian Murphy said in part: "You are no doubt aware that an election has been ordered for December 10th for a good road campaign. I will content myself with saying what the paved streets have done for Mexia, the good roads will do for the entire community. I dare say most of the people who were against voting bonds for this paving, if given the chance, would leave the matter as it now stands. Paved streets have put Mexia on the map and a system of good roads leading out to the county and precinct lines will put Mexia and the entire country on the map. The benefits are too obvious to go into detail."

This election is to insure that we will get what is coming to us as to our amount of taxes. The reason we thought best to put over this issue at this time is: In the event a county bond issue should be put over it would mean that Mexia tax rate would be raised and we would have no assurance of just what we would get out of it; whereas if we put this issue over at this time and get our election called and let the county election come on and absorb it as we are now absorbing two smaller districts in our election it would be better. Our money would still have to be spent for the purpose for which it was voted.

I had the privilege a few days ago of going to Grossbeck and discussing this matter with the County Judge. We all know that the Commissioners Court is to have authority in the building of these roads, and the County Judge authorized me to say that in the event this is carried he would not only be willing but would be glad to cooperate with

Laura Jean Libby's Popularity Is Gone Says Library Head

SYRACUSE, N. Y., Nov. 18.—The books of Laura Jean Libby, author of countless love and romance stories, whose death occurred recently, will know no return to popularity, according to Dr. Paul Paine, librarian of the Syracuse Public Library and literary authority.

"Laura Jean Libby's stories are of the wishy-washy type," Dr. Paine said, "with very little in them of the lasting degree of material. Despite the fact that they bordered on the frivolous, her tales could not be classed as vicious. They are absolutely clean."

We collect bad account and judgments. We make hot checks (hotter). See us we will get results. Mexia Detective Bureau, City Hall. 19-T-30

Pete Mayes has resigned his position with Stuart Auto Supply company where he has been connected for the past two years, and is now in business for himself.

President Lions Club, Mexia, Texas.

HELP KIDNEYS BY DRINKING MORE WATER

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

Harding, Ford And Edison Charmed By Music And Simple Outdoor Life

HENRY FORD, THOMAS A. EDISON AND PRESIDENT HARDING IN CAMP

CHICAGO — Music and the simple life are the two most effective aids to physical and mental health, according to A. G. Gulbransen, piano manufacturer, in an address here.

"When Henry Ford, Thomas A. Edison and Harvey S. Firestone were camping in Maryland one of the first things they wanted was a piano," said Mr. Gulbransen. "The instrument that had the honor to be selected was Gulbransen registering piano. Music from the piano made the camp complete.

The soothing and inspiring chords rolled harmoniously across the Maryland hills. Henry Ford sat by the hour listening to his son, Edsel Ford, play his favorite pieces, the registering player action making possible the interpretation he liked best. The piano furnished the music for divine services when President Harding drove out from Washington to spend Sunday. All these men were lovers of music and knew the value of its wholesome effect on brain and nerves.

"Music not only creates a keener appreciation of beauty but it draws emotional forces into channels of calm and restful expression. Music is recognized by the medical profession as valuable in the treatment of nervous ailments and when physicians know enough of music they will prescribe courses of the selections adapted to their patients."

per for the first link in the Marland Oil company's pipe line from the Reagan County field was begun Monday by Ivan B. Williams, G. W. Thomas and C. L. Crandall, Marland Engi-

neers, who arrived here Saturday from Ponca City, Ok.

During the week just ended tests were spudded in Reagan county, by J. K. Hughes, E. L. Smith and associates of Mexia on section 5, block 9, by Cogdell & Masco on section 25, block 8, by the Mid-Kansas Oil and Gas Company on section 1125 and in Upton county by Bell & Reagan on section 2, block 4. Cogdell & Ford's well on the W. L. Foster ranch in Sterling County, spudded a few days earlier, went down 300 feet, by the end of the week.

Surveying for the Marland pipe line from San Angelo westward virtually insures that the line will follow the Orient railroad to this city. This will also increase the probability of refineries here, this factor having been pointed out by E. W. Marland of Ponca City, president of the Marland companies, while here last Wednesday, following his first inspection of the Reagan county field. The survey of approximately eighty miles through Tom Green, Irion and Reagan counties will require about thirty days, barring delays and unforeseen obstacles, the engineers estimate. Whether laying of the line will begin immediately upon completion of the survey will, is believed, depend largely upon whether production is by that time sufficient to provide a load for the eight or ten-inch main. Booster plants will be established along the pipe line at intervals of about forty miles. Where the pipe line will lead to from San Angelo still is a matter of conjecture. The routes considered most likely are one from this city to Pioneer, connecting there with an Humble line, and the other more direct to the Gulf, possibly via Luling.

Prayer meeting at all of the churches tonight. Come and get a blessing.

FOR THE COMMUNITY CHEST.

Searching for the most efficient and economical way of raising funds needed for certain worthy public causes and for the dispensing of charity, big hearted, thoughtful citizens of many communities have evolved the community chest idea.

These men and women who worked out the plan saw the great loss of energy and funds involved in making separate drives for each and every worthy cause. Committees were constantly being impressed by those asked to contribute to the various needs that there were so many campaigns that they were looked upon by some as sort of "nuisances" and withal a "necessary evil". Many times there would be men and women on the committees to raise the funds for more than one of the funds and the citizens to whom they wanted to go would frequently try to avoid them; others would take the more optimistic view and greet them with the question, as their hands would reach for a check book, "How much do you want?" others would cut down their gifts to just as low a figure as they thought they could "and get by with it" and still others would turn away with disgust, dismay or fury whatever happened to be their temperament on that day.

Due to this custom, since the war especially as the campaigns have become more numerous since then and the demands larger, the public has been constantly and continuously faced with appeals for the causes in question. In cities over 100,000, the citizenship was faced with an average of two drives a month the year round and sometimes many of them at the very same time.

Out of this problem and perplexing situation, the Community Chest idea was born, which simply means that representatives of all organizations and institutions that go to the general public for their financial backing meets in a body, each presents a budget of the needs of the year, a committee is appointed from the number and then only one campaign is launched to take care of all of them at one and the same time. Instead of 25 checks, the individual then has to write but one.

Smaller cities all over the country, like Mexia have at once seen the virtue of the plan. And wherever tried, all opposition to the idea has vanished and praise taken the place of condemnation.

Representatives from the various causes that must be taken care of in Mexia and financed by the gifts of the public have recently met here and decided to adopt the plan. Rev. Victor K. Aubrey is the head of the Community Chest Committee and is now working zealously, preparatory to the campaign for funds next Monday. It is not a one man's job. It is not a one woman's job. It is a job as wide as our community and a responsibility so great that it will be heavy to some unless every citizen, every man, woman and child here, invest something in the chest and thus carry his part of the load and lighten the burden on others.

Testimonial after testimonial can be offered to show that the Community Chest idea is the best yet advanced. It is considered a forward movement. One central organization for raising funds is a relief to the business man. He can decide the amount of his contribution and not be "annoyed" with numerous solicitors, each one sure that his cause is the most worthy of all. It lessens his work on committees, too, for the busy, business men and the most active women in the community, are most frequently sought to get out on committees and help raise the budgets.

A central organization as the community chest which organization investigates a limited number of worthy institutions, which institutions investigate the individual and judiciously give them their needs, is certainly the proper method for public charity. The institutions in Mexia that come into the Community Chest are absolutely necessary to the community. That has been decided after much discussion year in and year out, not only here but all over America, with the same logical and just conclusion each time.

Hardy Eubanks, President of the Mexia Chamber of Commerce and also President of the Mexia Rotary Club, said: "From what I have been able to learn about the community chest work in other places, it has solved the problem each year for funds by consolidating them in one campaign. The experience of others has proven the consolidation of those drives has been welcomed by the general public and that the matter of securing funds has been re-

EGYPTIANS FIRE ON BRITISH GOVERNOR

Thomas Ince, Noted Picture Director Is Dead

STRICKEN WHILE ON VISIT IN THE HEARST HOME

(By United Press)

HOLLYWOOD, Nov. 19.—Thomas Ince, 40, noted motion picture producer and art director, died at his Beverly Hills residence. Ince was stricken with acute indigestion while visiting the home of William R. Hearst, and was hurried back here in a special car. He was unconscious during the night, but regained consciousness shortly before his death. His wife and two sons were at his bedside.

PEP SQUAD AND BAND INVADE MEXIA ON SATURDAY

The Westminster "pep" squad, about 50 strong will come down off the Tehuacana hill Saturday morning to spread the gospel of the game with Clifton College to be played on the Westminster campus next Saturday afternoon. The Tehuacana band will accompany the "pep" squad and they will parade the business streets of the city about 10:30 o'clock.

Westminster is in better shape for this game than they have been since playing Rush College several weeks ago in which they returned with a 23 to 3 victory. A large crowd is expected to go out to the game from Mexia and a real pigskin battle is promised.

Birthday Party For Annie Pauline Lee

Mrs. L. W. Lee entertained last Friday evening at her home in Fallon honoring the eighth birthday of her daughter Miss Annie Pauline. The home was beautifully decorated for the occasion with pink roses and honeysuckles. Following the games, the birthday cake, iced with white and pink candles, was cut and served. About twenty-five school mates were the guests at the party; after they were served, they did some kodaking and played games. Each of the children departed wishing Pauline many more happy birthdays.

Misses Eva Dee Hall and Grace Heatley assisted the hostess in making the party a wonderful success.

GUERRILLA WARFARE FEARED IN CALIFORNIA

(By United Press)

LONE PINE, Calif., Nov. 19.—Talk of guerrilla warfare with "embattled farmers" of Owens river valley against Los Angeles guards is in the air as the newest developments in the water rights fight now entering the fourth day. According to word here during the night guards will be sent from Los Angeles to force the closure of the gates.

Brother Carter will preach at the McKinney Street School, Saturday, Sunday and Sunday night, for the Church of Christ. The public is cordially invited.

GOOD ROADS CONFERENCE OF ALL COMMUNITIES

A committee of local business men will meet committees from Tehuacana, Forest Glade, Point Enterprise and Shiloh tonight at the City Hall. The purpose of the meeting is to discuss the good roads program that will be voted on December the 16th. Much interest is being taken in these communities and it is hoped that a plan will be arrived at where all may be reached with a correct explanation of proposed good road program.

duced to a minimum amount of time on the part of the business men and good women with the maximum of results, not only in the amount raised but in the way it is expended.

RICE INSTITUTE AND TCU SHOW MOST PROGRESS

By E. J. STEWART

Athletic Coach University of Texas. Written for the United Press.

AUSTIN, Texas, Nov. 19.—Before the 1924 southwestern conference race got under way, it was my prediction that Baylor, S. M. U. and the Texas Aggies would be buncheted for the lead at the close with the Longhorns in fourth place.

The teams are standing in that order today with the exception of fourth place, where coach Heisman's Rice Owls are roosting and cannot

finish lower than fourth place in event Baylor defeats the Owls on Thanksgiving day—a probability.

The 1924 season has been productive, developing a better balanced than previously, with T. C. U. and Rice showing the greatest improvement over 1923. Both teams have proved the real surprise packages of the year in this section and showing conclusively that the balance of power in neither material nor coaching is monopolized by a few schools.

It is true that the Western Conference has its Yosts, Wilces, Zupkes, Stagg and others, but for a well-balanced group of eight teams and coaches, I believe that the southwestern conference has its strength more evenly distributed.

The award of the championship this season will not be particularly difficult in event Baylor beats Rice, as the principle adopted by the conference last relative to the game percentage will undoubtedly work to S. M. U.'s disadvantage. Baylor has been tied once this season, while S. M. U. has three ties chalked up against her—and one of them is Baylor. The Waco entry is my choice against Rice and I believe that S. M. U. will take the Oklahoma Aggies into camp with ease, providing the field is dry.

As far as dope shows, the Longhorns game with the Texas Aggies here Thanksgiving Day looks all A. & M. But, if the Longhorns recover from the injury epidemic, which has kept six Longhorn regulars out of the line-up, the Turkey Day battle will be much closer than many think.

Coach Bible has a fine powerful team and we respect it, but the annual battle between the Aggies and Texas has a psychological background that often allows the underdog to put over a surprise.

It is my greatest desire to get the crippled Longhorns back in shape for the closing game and if such is possible—the game will not be decided until the last whistle,

Misses Eva Dee Hall and Grace Heatley assisted the hostess in making the party a wonderful success.

GUERRILLA WARFARE
FEARED IN CALIFORNIA

(By United Press)

EL PASO, Nov. 19.—Monthly examinations, ban of the high school students existence, are no more in El Paso.

But—"Teachers may give a test whenever they think it advisable and without warning," Frank Roberts, principal, has ruled.

Whereupon students' joy may turn to grief—the "pony" is no more and every night necessitates use of the midnight oil for "tomorrow may be test day."

JOHN W. DAVIS IS

OFF FOR EUROPE

(By United Press)

NEW YORK, Nov. 1.—John W. Davis, defeated democratic presidential nominee, sailed with Mrs. Davis for Europe aboard the liner, Paris. Mr. Davis said he is out of politics for the time being and intends to spend several months in French Riviera, and will probably visit England.

FARMING A BUSINESS.

(By United Press)

OKLAHOMA CITY, Okla., Nov. 19.—"Make farming a business" was the keynote of the national convention of the Farmer's Educational and Co-operative Union of America which opened here for a three day session ending Thursday. Delegates from 16 states are in attendance.

Flivver Driver Takes His Fire To Fire Station

(By United Press)

CUERO, Nov. 19.—It fell to the lot of a resident of Victoria to give Cuero firemen the experience of their lives one night recently, when he stopped in front of the fire station, the rear seat of his flivver in flames, and demanded service.

A cigarette, carelessly tossed away, started the conflagration. The Victorian, with rare presence of mind, leaped to the steering wheel, slammed the doors and sped to the station where the blaze was quickly extinguished. Slightly singed hair constituted the drivers only "injury."

"I've been to many a fire," remarked Chief Heyer, "but this is the first one that ever came to me."

Around The World; Around The Clock

(By United Press)

ARMAGH, Ireland.—Michael Cardinal Logue, prelate of Ireland since 1887, died here today.

LONDON.—Captain Turner, retired ex-commander of the Cunarder Lusitania, is traveling to Australia in the steerage. He desired to visit his son hurriedly and all other accommodations were taken.

BERLIN.—The Prussian State government has instituted a secret anti-alcohol committee, including prominent sociologists. Special instructors for police on "the effects of alcohol as regards police action towards law violation," is planned.

LISBON, Portugal.—The Cabinet today presented its resignation to the President.

BERLIN.—A pseudo-American named Ettlinger, who paraded Unter Den Linden as a "world's boxing champion," and who said he was from Milwaukee, was knocked out by a Berlin policeman and discovered to be a swindler who was communicating with 200 young girls to whom he had become engaged.

ROTTENDAM.—The Portuguese aviator, Admiral Sacadura Cabral, who crossed the Atlantic in 1922, is feared lost in the North Sea. He left Rottendam in a hydroplane Saturday and has not been heard from.

SAN ANTONIO, Tex.—That the special delivery letter service now in effect in the United States will be extended to Mexico is believed assured as a result of the conference of Mexican and United States postal officials here. It was also agreed to permit parcel post packages to be sent c. o. d. to each country.

INCREASED PENSIONS
FOR CONFEDERATES

(By United Press)

AUSTIN, Texas, Nov. 19.—The 2c increase in the confederate pension tax provided for in the constitutional amendment voted in the recent general election will not be in operation until 1926, according to State Comptroller Lom A. Smith. The present rate is 5c per \$100 property valuation.

GETTING READY, ALREADY.

(By United Press)

AUSTIN, Texas, Nov. 19.—An amendment to the public school textbook law to prevent wholesale changes in contracts at any one session of the State Textbook Commission is being prepared by Senator-elect Eugene Miller, of Parker county, Miller announced here. The bill will be introduced early in the coming regular session of the Legislature.

Stock Exchange Upsets Forecasts Thirteenth Day

NEW YORK, Nov. 19.—Upsetting all forecasts, the New York Stock Exchange today entered its thirteenth day of unprecedented activity following a new record spurt yesterday when, 2,257,780 shares were dealt in.

The day's advance carried industrial stocks up 1.25 per cent and railroad stocks up .75 per cent, the entire market advancing exactly one point, which broke all existing records.

A total of 534 separate issues were traded in and 68 industrial stocks went into new high ground for the year and new high prices were established by 26 railroad stocks.

The tremendous upswing since the election averages a little better than 6 1/2 points for all stocks. An idea of this record jump may be gained from the following table showing the average at the close of business Nov. 3, the night before election, and last night.

Nov. 3 Nov. 18 Changes
Industrials 118.94 126.51 up 7.57
Railroads 70.58 76.19 up 5.61
50 other stocks 94.76 101.35 up 6.59

Geneva Protocol Scrapped Says Daily Telegraph

By LLOYD ALLEN
(United Press Staff Correspondent)

LONDON, Nov. 19.—"The Geneva protocol is scrapped," the Daily Telegraph declared today, following an announcement that the British Government has asked the League of Nations to "postpone" discussion of the security and disarmament protocol adopted recently by the League Assembly.

What the Baldwin Government actually requested was that the council when it meets at Rome, Dec. 8, leave the proposed pact off its agenda. The Daily Telegraph interprets this as an indication that the Conservative administration will repudiate the protocol signed by Ramsay Mac Donald.

The Daily Telegraph points out that if the Geneva protocol is scrapped, the way is opened for American leadership in a new move for world disarmament. None of the other morning papers comment on the unexpected request, which was conveyed to Sir Eric Drummond, secretary-general of the league.

Dissatisfaction on the part of the dominions with provisions of the protocol prescribing use of the British fleet as a cure-all for international ills is believed one of the chief reasons for the Government's request.

Italian Bandits Hold Up Bank And Seize \$30,000

FARMINGTON, Mich., Nov. 19.—Six Italians held up the employees of the Farmington State Bank, seized \$30,000 in cash and escaped after a running battle with citizens. No casualties resulted from the fusilade.

FAGIN'S WIFE DIES
AT HER OWN HANDS

DUBLIN, Nov. 1.—Mrs. Daniel Fagin, wife of a prominent member of Dial Eircean, committed suicide in a taxicab while driving in the country near this city.

THE WEATHER.

Texas—Partly cloudy and warmer.

THE SUMPTER NEWS IS NOW OUT AND WORTHY OF THE SPLENDID PUPILS WHO WROTE CONTENTS

Volume 1, Number 2 issue of The Sumpter News is now off the press and being offered to the public.

The first issue was presented several weeks ago and sincerely praised and loudly lauded because of the contents, so ably prepared by Mexia youths who attend the Sumpter Street Grammar School.

Mrs. Georgia Bergeron, Principal, has had her heart set for sometime on the publication and it must be singing today, as the school paper has become a reality, a living, throbbing helpful institution within the community.

MILLION DOLLARS STACK AND DAR TO BE SHOWN IN BANDIT'S TRIAL

(By United Press)

CHICAGO, Nov. 19.—A million dollars in currency of the three million dollars secured by armed bandits at the Roundout, Ill., mail train robbery, will be brought into open court late this afternoon for identification by Brent Glasscock, bandit. Chief Government inspectors indicated at the trial of William Fahy, former postal inspector and two Chicago politicians, charged with plotting the robbery.

UNITED STATES WANTS OPIUM TRAFFIC CUT

By HENRY WOOD
(United Press Staff Correspondent)

GENEVA, Nov. 19.—American proposals for suppression of traffic in opium, narcotics and harmful drugs, were made public upon their presentation to the international conference here today.

Congressman Stephen Porter, who, with Bishop Brent, heads the American delegation, laid the suggestions of the United States before the representatives of 45 nations, gathered to agree upon steps to reduce to a minimum the world traffic in drugs.

The American proposals are based on the content of the United States Government that the use of opium products for other than medical and scientific purposes is not legitimate and that the abuse of these drugs can be stopped only by preventing production of raw opium beyond established medical and scientific needs.

The specific proposals include:

- 1.

New Records

By Railroads

(By United Press)
NEW YORK, Nov. 19.—New records were established by the railroads in successfully handling enormous traffic offered to them this year, according to the report of the car service division of the American Railway Association, showing 13,497,655 cars were loaded in the three months period, Aug. 1 to Nov. 1.

All previous grain loading records were broken on practically all western lines, while grain handled in the East exceeded all previous records.

"There has been no accumulation of traffic or congestion during 1924 chargeable to railroad disability," the report said.

"No general orders requiring a general movement of cars in volume from one section of the country to another were necessary this year."

Rev. W. B. Andrews has returned from Brownwood where he attended the annual conference of the Central Texas Methodist churches. He was returned to Mexia for the third year and upon his return has been assured on every hand of the general pleasure over having him back again. He in turn expresses the hope that the coming conference year will be the best of all and announces that the conference year starts at the First Methodist church, with prayer. The usual weekly prayer meeting service will be held. The public is always cordially invited to this church.

If everybody who inspected the Black Land Special in Mexia Tuesday spoke about their own community with the enthusiasm exhibited by Commissioner John Kennedy of this Precinct, as he went through the train, the visitors must have been impressed with the fact that the great Mexia country has no superior. After all, the big thing about the train was not so much the exhibits shown, as varied and as fine as they were, but the spirit of the citizens who dug deep and dug out \$35,000 for the advertising project is represented in the train.

Above: BENITO MUSSOLINI & SHERIA TERRY
Below: WILLIAM M. BUTLER & GEN. PEPPINO GARIBOLDI

General Peppino Garibaldi, grandson of the Liberator of Italy, is reported in France organizing an armed revolt against the further rule of the Fascist Premier, Benito Mussolini, of Italy. William M. Butler, of Boston, chairman of the Republican National Committee, is expected to be President Coolidge's mouthpiece in the Senate, to which he has been appointed to fill the unexpired term of the late Henry Cabot Lodge. A courtship bill of \$2,000 was collected from Sheila Terry, New York City actress, when she jilted Beanie Rubin, who got back all he had spent in entertaining her, it was developed in her divorce suit.

CALLED MEETING

MASONIC LODGE

There will be a called meeting of Springfield Lodge No. 74, A. F. and A. M., tonight at 7:30 for work in the F. C. degree. Visitors are always welcome.

RODNEY TIDWELL, W. M.

Commissioner B. B. Simmonds found much interest in the Black Land Special. He visited the train and greeted many of the Blacklanders. Commissioner Simmonds has a big body of black land down there but he prefers to live and serve in the best town and the best community in Texas, our own Mexia.

Visitors were here from all parts of Limestone and Freestone counties Tuesday to see the Black Land Special. Many of them, as well as many local citizens, had friends and relatives on the train.

Prayer meeting services are announced in all local protestant churchestonight, to which the memberships and public generally are cordially invited to attend.

ALONG THE SIDELINES

By HECK.

Jinx Tucker Sport Editor of the Waco News-Tribune gives the Marlin Bulldogs a wide edge over the Waco Tigers when the two elevens tangle Friday or Saturday, the exact date to be announced later, but from the sidelines it looks like Jinx is just trying to kid somebody into betting their hard earned jack against Tyson's Tygers but I don't think Jinx is fooling anyone who follows the game close enough to wager their ducats on the outcome.

I'll admit that in the Marlin Bulldog eleven Coach Mayhew has one of the best Class-B teams in the state but when you compare them with the Waco Tigers it's a horse of a different color, especially if Cuffie Lenoir is held on the ineligible list and I suppose he will be.

However, in Pyland and Russell the Tigers will face two of the fleetest hoofing backs that they will see in many a day but at the same time one must consider Paul Tyson in about the same light as they do Frank Bridges and that means he is always ready to meet the opposition with just a little better stuff than is expected and I fully expect Tyson to rise to the emergency and the Tigers will wallop the Bulldogs in their usual fashion.

Right now it looks like Cleburne will be a sure contended for the All-State honors and perhaps the winner of the Vernon-Amarillo deadlock will be among those present, provided they can ever break the tie between them and decide on a winner.

Jinx rises in defense of Roy Henderson, director of the Interscholastic league who has been panned severely by various scribes about the state for decisions made against certain teams and in this connection Jinx sure says a plenty and what he says is the dead truth. Henderson has made enemies with decisions regarding violations of the eligibility rule even though he has been in the right every time and a few weak minded coaches and scribes are raving over being caught red handed in trying to slip by with players who would be ineligible in any school and claim that Henderson is doin git to "help" some favorite eleven or some personal friend. To any fair minded fan or scribe such claims are taken as mere twaddle and it really is laughable to hear some of the complaints that are made against Henderson.

To begin with there would have been no Interscholastic league but for Roy Henderson and the real purpose of the league is to come to a concrete decision of just who really is the state champion and thus do away with a whole flock of teams claiming the championship. Another reason was to abolish the "ringer," the paid player and the old stunt of students purposely failing in the studies so that they might continue in school just for the sake of playing football. Henderson's plan has definitely placed the students school work ahead of his athletic standing and now the student must reach certain grades in his studies before he can participate in athletics in any form and while the rules laid down by the Interscholastic league has played the diction with many an "old head" High school eleven it has been a boon to the game and a wonderful aid to the schools in that it makes the student get down and dig to make his grades—and that is what we send our kids to school for.

Marvin Bennett will be back at center in the Corsicana game Friday and that will mean much to the Cats. Not that "Fighting Bill" Murphy is not capable for the world

SOCIETY DAZED AT RHINELANDER ELOPEMENT.

MRS. LEONARD KIP RHINELANDER

A bombshell was thrown into the aristocratic ranks of the blue-bloods of New York and Newport by the announcement that Leo, 2d Kip Rhinelander, twenty-two-year-old scion of one of America's 1st and richest families, had eloped in New Rochelle, N. Y., with Alice Beatrice Jones, daughter of a former hack driver. The girl bitterly denied statements that she is a negress. Her father is a West Indian.

knows he is and he showed brilliantly in the Palestine game but Bennett will add strength to the line and Murphy will return to his usual place at guard where he is hard to beat.

Lucas was knocked out in the Palestine game but continued to play even though he did not know what it was all about and thus the Cats played the entire game without the aid of a single substitution.

Corsicana came with a splendid record among the Class A elevens and even though they took a terrible lacing from the Waco Tigers they are doped to beat the Cats by two touchdowns and this dope will about run true to form for I look for a "let down" in the Cats

If the old Cat fight would be

there I would think different but from their work in practice the past two evenings I can't give them anything but a trimming by Corsicana.

Captain Thompson of the Cats showed his best game at Palestine and now seems to have found himself and the way he swept around the ends and plunged the line was worth the hard trip to see. Thompson looks to have regained his last years speed and is fully recovered from his early season injury, which has handicapped him greatly.

The coach of the Negro Hi in Palestine brought his African eleven to the game to watch the Palestine eleven in action but after the opening of the second half they became vociferous in their compliments of the fast flying Cats and after the game they freely admitted that the Cats were the "very best."

I had a chat with Country Williamson at the Baylor-SMU game where the Gusher catcher was handing one end of the chain for the

head linesman and Country vouches for the fact that his Mart eleven is all set to trim the Cats at Nowlin park Turkey Day which winds up the season for both elevens. From all dope I can gather Country has a splendid eleven at Mart and it will be a great game to watch and one worth going miles to see.

NO ONE LIKES TO LOOK AT A "BROKEN OUT" FACE

If people who are bothered with pimples, eczema, blotches, bumps, rash, "breaking out" etc., would just notice or ask their dealer they would find that thousands of people who once were in the same shape they are in are now free from those distressing things, and the secret of it is that they have learned that the one sure way to do it is by using the wonderful Black and White Ointment, together with Black and White Soap.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—(Adv.)

Granger Rough Cut

A Pointer on Tobacco—
The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, old secret method produces richer fragrance and taste.

THE NEWS PUBLISHING COMPANY
TELEPHONE 146

We want the news, all the news of all the people, while it is news, and requests the readers to send in or telephone 146 or 361 news items and personal news of their friends and acquaintances.

Entered as second-class matter, February 26, 1919, at the Post Office at Mexia, Texas, under the act of March 3, 1879.

"For Mexia, I WILL"

THE NEWS' PROGRAM FOR 1924-25

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More goods roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) a growing "tradition-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

BOOKS, LOOKS AND ROADS

Many examples of misspent energy are evident today. There's movement on to write a new history of the United States. Magazines of 1925 are to carry "A Different Story of the Life of Christ." And now comes a fellow who is to write a new dictionary when such fellows as Ben Hunt even don't know half of the old one.

♦ ♦ ♦ ♦

Evidently a man's looks do not have a very great influence winning votes from the American voters, men or women. John W. Davis was nominated by a woman from West Virginia as the best looking man in the Democratic party. The question seems to have come up in Missouri in other races for at the conclusion of the elections when James E. Fulbright, candidate for Congress, wired congratulations to the winner, as follows: "I admit you are the best looking man. The verdict is in your favor." Ralph E. Bailey, the opponent, wired him: "Thank you for your congratulations. The issue between our good looks made it a very close race." These instances told direct Albert Berry to a decision to keep his hat out of the ring and never seek public favor at the polls.

♦ ♦ ♦ ♦

Speaking of good looks, however, it pays a country to keep up the very best appearances as far as its roads are concerned. One good roads enthusiast, who is in favor of the bonds to be voted on in December said Tuesday that you can't put a wagon load of gravel on the road by any farm without increasing the value of that farm. That's something for every property owner in this part of Limestone to think about.

♦ ♦ ♦ ♦

Speaking of good roads and good looks reminds us of a story about Horace Trippett, one of the leading lawyers of Waco and a most worthy citizen. He graduated from B. Hall and the Law Department of the University of Texas several years ago, after having worked his way through, working through B. Hall waiting on tables and working through the law department by sheer worthiness and his friends add by "pull with the faculty." Be that as it may, it is immaterial for the purpose of this discussion. Soon after graduation, he won the hand of a fine young lady in Ellis county. They married and afterwards boarded the train for Hico where they were to start out in life. There were two old ladies on the train from Mrs. Trippett's home community who did not know that seated several seats back of them were the happy newlyweds. The old ladies were talking in piping voices of late events at home, when the train slowed up to get water and their voices could be heard all over the train. One of them said, "Have you heard about Mary gettin' married?" referring to the young bride. The other one replied, "Law, no, who did she marry?" To this question, the first speaker said "Why, she married that triflin', no account, ugly Horace Trippett." "My, my," exclaimed the other who was shocked immeasurably at the announcement, "Couldn't she do better than that?" The other old lady then replied apologetically and sympathetically, "Well, you see, Mary never lived on the main road." The train pulled out and the voices were lost in the din, but the conversation brings out the point, which all young folks are interested in, that it pays to live on good roads. Vote for the bond issue, December 16.

PROGRAM

Old Editors Meeting Galveston and Houston Nov. 4, 5, and 6.

First Day.

LOUIS C. ELBERT, Chairman of the Day.

10:00 a. m.—Meeting called to order by President Foster with short address.

Invocation by Rt. Rev. Monsignor M. Kirwin.

Address of Welcome by Mayor Harris of Galveston.

Response by W. H. Mayes.

Address by R. M. Johnston.

Round Table Discussions led by W. D. Van Buren.

"Pleasures of the Game," by Mrs. Lee J. Rountree.

Talk by E. T. Merriman.

12:30 p. m.—This entertainment

Brown Hospital, Inc.

Thoroughly Equipped Modern

400 S. Ross Ave.

feature will be announced at meeting.

2:30 p. m.—Meeting called to order.

"Where Do We Go From Here," by Austin Callan.

Address by John F. Lubben.

Round Table Discussions led by Louis Blaylock.

Talk by Geo. H. Boyton.

6:00 p. m.—Dinner at Rogers,

guests of the Galveston News, Louis

C. Elbert, Toastmaster.

Second Day.

HARRY COHEN, Chairman of the Day.

Pastor Says There Are Marriages In Heaven

(By United Press)

CHICAGO, Nov. 18—There is hope

for the bachelors and bachelor maids

for there are marriages in heaven,

according to the Reverend Walker

Brown Murray, pastor of the Ken-

wood New Church here. However, no

children are born in heaven, Mr.

Murray said in his sermon on "The

Beauty of Marriage."

Marriage is the perfect state of

happiness; therefore, all persons

should marry, Mr. Murray held. If

they do not marry on earth, they

will find perfect mates in heaven,

"In heaven no children are born,"

he said, "though there is a continua-

tion of the marriage relationship in

every way."

PUBLIC LIBRARY HELPS THOSE WHO HELP SELVES

AMERICAN LEGION NATIONAL LEGISLATIVE COMMITTEE IS WORK TO REHARNESS PERSHING

INDIANAPOLIS, Nov. 18.—The American Legion national legislative committee will sponsor a bill in Congress to restore General John J. Pershing's knowledge and experience to active service in the army.

The Mexia Public Library is included in the public causes consolidated in the Community Chest Campaign. The community chest fund decided upon, which provides for the Mexia Library, is \$5,500.

In making statement regarding the Public Library, the Library Board here issued the following:

An inexhaustible mine of pleasure is open for the boy or girl who loves good books and has access to them. Without effort on the part of the parent they are kept off the street and from the company of the idle and vicious and are storing their minds with useful knowledge, or are being taught high ideals and noble purposes. Thus they develop into men and women who are an honor to their parents and worthy citizens of our great republic.

Such is the product of a Free Public Library. It is not worth the small pittance it will cost? Many a laboring man spends more money in a week for tobacco than the maintenance of a library would cost him in a year. Is not the education and the development of our bright boys and girls worth a little self-denial?

We all desire that our children shall have better opportunities than we have had, and not have to work as we have worked. Here is an opportunity to help them help themselves, which is the very best help that can be given any one. Let's be "boasters" and help ourselves, help our town, and help our boys and girls by unitedly supporting the library proposition.

LIBRARY BOARD.

NOTICE OF APPLICATION TO MAKE OIL & GAS LEASE

No. 595.

In the Estate of H. L. Adamson, deceased.

In the County Court of Limestone County, Texas November term, A. D. 1924.

Notice is hereby given that I, Mary E. Adamson, Independent Executrix of the Estate of Hugh L. Adamson, deceased, have this day filed my application in the above entitled and numbered cause for an order of the County Judge of Limestone County, Texas, authorizing me as Independent Executrix of the Estate of Hugh L. Adamson, deceased, to make an oil and gas mineral lease upon such terms and conditions as the court may order and direct, on the following described real estate belonging to the estate of the said Hugh L. Adamson, deceased:

An undivided one-eighth (1/8) interest in and to the following described land out of the Sarah McAnally Survey in Limestone County, Texas, to-wit: Being twenty acres of land out of that certain 25 1/4 acre tract of land set

apart to Mrs. Henrietta Adamson as shown by the plat in the decree of partition in the cause of Henrietta Adamson et al vs. E. T. Edwards et al, No. 987, on page 201 of volume C, Minutes of the District Court of Limestone County, Texas; the said twenty three acres being more particularly described as follows, to-wit: Beginning at the southeast corner of a twenty acre tract of land covered by an oil and gas mineral lease recently sold by W. L. Adamson and others to R. A. Montague; thence west along the south line of said twenty acre tract to the southwest corner of same which is the northwest corner of this 23 acre tract; thence south along the east line of the eleven acre tract of Mrs. Beckham's as shown by the above mentioned plat, a sufficient distance to a point from which a line drawn east to the east line of said 25 1/4 acre tract and thence north to the place of beginning would enclose twenty three acres of land; thence from said point which is the southwest corner of this 23 acre tract, east to a point on the east line of said Henrietta Adamson 25 1/4 acre tract for the southeast corner of this twenty three acre tract; thence north along the east line of the said Henrietta Adamson 25 1/4 acre tract to the place of beginning, containing exactly twenty three acres of land.

That said application will be heard by the County Judge of Limestone County, Texas, at the court house in the city of Goresbeck, Limestone County, Texas, on the First day of December, A. D. 1924.

EXHIBITS VIEWED BY 2176 PEOPLE HERE ON TUESDAY

Before returning to Corpus Christi Saturday morning Black Landers from the Gulf Coast section will carry their eleven car special train, the first ever run by farmers in Texas, into College Station for the inspection of the faculty and students of Texas A. and M. College. Believing it important to carry their message to the state agricultural college, the more than a hundred farmers decided on the change late Monday night.

They will be in College Station Wednesday from 3:15 p. m. to 9:30 o'clock during which time the four exhibit cars and the four reel motion picture will be shown. At the same time the farmers will be shown over the college campus and through the experiment station.

Terminating this the greatest single piece of advertising any section of the state ever received, the trippers have laid plans to organize the Blacklanders, Inc., to follow up the advantages gained through the twelve day invasion of central and north Texas towns when more than thirty towns were touched.

In Mexia the exhibits were seen by 2,176 people, bringing the total for nine days to something over 40,000. The original estimate of 50,000 is expected to be reached before closing Friday night at Algoa. Officials believe the advertising secured will be worth an unmeasured sum and they are beginning to call the special the "million dollar train." The new body is to be cooperative as the train was all individualities are to be submerged for the good of the four counties, Kleberg, San Patricio, Jim Wells and Nueces.

Already plans are being made for another excursion next year into another part of the state. The new body will foster agricultural development solely.

The Ladies Aid of the First Christian church will hold a market Day Jale, consisting of dressed chickens, take, pies, candies etc. at the Wilson & Beene Grocery Co. on Saturday, Nov. 22. 19-R-3

Missionary Meeting Of Inspiration Held By Methodist Women

On Monday afternoon, the Methodist Women's Missionary Society met in social session at the home of Mrs. George Petty, with Mrs. E. L. Smith in charge of the devotional. On the subject "The Sufficient Power" Mrs. Smith applied the lesson of divine guidance and spiritual renewal, also pointing the Biblical reference to universal brotherhood.

China was sketched in a series of leaflets distributed and commented on by Miss Ward, following which Mrs. Berry made a splendid talk on child welfare. This part of the program was continued in a paper by Mrs. Potetz on "Children of Industrial Mothers." Mrs. Blake Smith gave a charming piano solo, and Miss Boyd and Mrs. Roy Johanson sang.

After a short business discussion a salad course was served. Mrs. Petty was assisted as hostess by Mr. J. C. Yeldell, Mrs. Tom Prickett, Mrs. W. O. Colwell.

ROOTING NOT ESSENTIAL TO BASEBALL, DECLARER McGRAW, ANSWERING ENGLISH

(By International News Service.)
LONDON, Nov. 17.—Manager John McGraw, of the New York Giants, doesn't think rooting is an essential part of a baseball game, nor does he like the prevailing English criticism of the game that it is a glorified form of "rounders."

"Baseball rooting, after all, is no worse than the way a football crowd expresses its feelings," declared McGraw, in answering English critics. "We, Americans, could never sit in such solemn silence watching cricket, as the English do. We like to feel that we are part of the game, and so we join in with remarks, chipping the players and being intensely partisan."

"Baseball cannot well be compared with cricket, which is a slow, stately game requiring a much longer time, a better-laid-out pitch and more players. Baseball is a fine, vigorous, sportsmanlike game."

"Nor can I understand how anyone can run down baseball on the ground of its being 'glorified rounders.' It's a magnificently skillful game, which requires most excellent throwing and

catching. I am told that none of the English cricketers can throw like our boys. Our pitchers attain a marvelous degree of skill, and the batsman has to be some hitter to keep up the number of home runs a season that some of them make."

Read the advertisements in this paper. They contain messages of interest to everyone.

HAPPINESS

depends on how you feel!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Before returning to Corpus Christi Saturday morning Black Landers from the Gulf Coast section will carry their eleven car special train, the first ever run by farmers in Texas, into College Station for the inspection of the faculty and students of Texas A. and M. College. Believing it important to carry their message to the state agricultural college, the more than a hundred farmers decided on the change late Monday night.

They will be in College Station Wednesday from 3:15 p. m. to 9:30 o'clock during which time the four exhibit cars and the four reel motion picture will be shown. At the same time the farmers will be shown over the college campus and through the experiment station.

Terminating this the greatest single piece of advertising any section of the state ever received, the trippers have laid plans to organize the Blacklanders, Inc., to follow up the advantages gained through the twelve day invasion of central and north Texas towns when more than thirty towns were touched.

In Mexia the exhibits were seen by 2,176 people, bringing the total for nine days to something over 40,000. The original estimate of 50,000 is expected to be reached before closing Friday night at Algoa. Officials believe the advertising secured will be worth an unmeasured sum and they are beginning to call the special the "million dollar train." The new body is to be cooperative as the train was all individualities are to be submerged for the good of the four counties, Kleberg, San Patricio, Jim Wells and Nueces.

Already plans are being made for another excursion next year into another part of the state. The new body will foster agricultural development solely.

The Ladies Aid of the First Christian church will hold a market Day Jale, consisting of dressed chickens, take, pies, candies etc. at the Wilson & Beene Grocery Co. on Saturday, Nov. 22. 19-R-3

Missionary Meeting Of Inspiration Held By Methodist Women

On Monday afternoon, the Methodist Women's Missionary Society met in social session at the home of Mrs. George Petty, with Mrs. E. L. Smith in charge of the devotional. On the subject "The Sufficient Power" Mrs. Smith applied the lesson of divine guidance and spiritual renewal, also pointing the Biblical reference to universal brotherhood.

China was sketched in a series of leaflets distributed and commented on by Miss Ward, following which Mrs. Berry made a splendid talk on child welfare. This part of the program was continued in a paper by Mrs. Potetz on "Children of Industrial Mothers." Mrs. Blake Smith gave a charming piano solo, and Miss Boyd and Mrs. Roy Johanson sang.

After a short business discussion a salad course was served. Mrs. Petty was assisted as hostess by Mr. J. C. Yeldell, Mrs. Tom Prickett, Mrs. W. O. Colwell.

ROOTING NOT ESSENTIAL TO BASEBALL, DECLARER McGRAW, ANSWERING ENGLISH

(By International News Service.)
LONDON, Nov. 17.—Manager John McGraw, of the New York Giants, doesn't think rooting is an essential part of a baseball game, nor does he like the prevailing English criticism of the game that it is a glorified form of "rounders."

"Baseball rooting, after all, is no worse than the way a football crowd expresses its feelings," declared McGraw, in answering English critics. "We, Americans, could never sit in such solemn silence watching cricket, as the English do. We like to feel that we are part of the game, and so we join in with remarks, chipping the players and being intensely partisan."

"Baseball cannot well be compared with cricket, which is a slow, stately game requiring a much longer time, a better-laid-out pitch and more players. Baseball is a fine, vigorous, sportsmanlike game."

"Nor can I understand how anyone can run down baseball on the ground of its being 'glorified rounders.' It's a magnificently skillful game, which requires most excellent throwing and

catching. I am told that none of the English cricketers can throw like our boys. Our pitchers attain a marvelous degree of skill, and the batsman has to be some hitter to keep up the number of home runs a season that some of them make."

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S. S. S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S. S. S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S. S. S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

CITATION BY PUBLICATION.

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon J. E. Winans, A. C. Norman, and Buckner & Wright by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Limestone County, to be held at the Court House thereof, in Goresbeck, Texas, on the 1st Monday in December A. D. 1924, the same being the 1st day of December A. D. 1924, then and there to answer petition filed in said Court on the 9th day of October A. D. 1924, in a suit, numbered on the docket of said Court as No. 5-05-A wherein Phil Karner is Plaintiff and J. E. Winans, A. C. Norman, and Buckner & Wright are Defendants, and said petition alleging defendants delivered to the plaintiff's three vendor's lien notes, each for the sum of \$4,243.33, due on or before March 7, 1922, on or before November 7, 1922, respectively, payable to plaintiff, bearing interest at eight per cent. Said notes were given as part of purchase money for the following described land. All that certain tract or parcel of land, a part of the P. Varela XI League Survey in Limestone County, Texas, and being the Eastern portion of a seventy-seven (77) acre tract sold by Jack Womack to Phil Karner on March 16, 1920. Beginning at the N. E. corner of the said 77 acre tract, a stake at an old fence corner on the S. line of Tyler St.; Thence S. 84 deg. S' W. 273 feet and S. 84 deg. 33' W. 125 feet to the N. W. corner of this tract, a stake in the S. line of Tyler St; Thence following the old fence of the said tract N. 63 deg. E. 1263 feet to its S. E. corner a stake at the fence corner, N. 36 deg. 29' W. 456 feet a stake at fence corner, N. 51 deg. 28' 323 B. 35 deg. 31' W. 715 ft. a stake at fence corner, S. 54 deg. W. 23' W. 3202 feet a stake at fence corner, N. 35 deg. 05' W. 362.9 feet a stake at fence corner, and N. 3 deg. 35' W. 312 feet to the place of beginning, containing 38.19 acres of land.

Said property was conveyed by Plaintiff to defendants, November 7, 1921. That each of said notes is due and unpaid, though often requested defendants refuse to pay any part of said notes, to plaintiff's damage in the sum of \$12,529.99. Said notes have given to

Annual Report of The Director of Census

WASHINGTON, D. C., Nov. 18.—In his annual report to the Secretary of Commerce, made public today, William M. Stewart, Director of the Census, describes the census work during the fiscal year ended June 30, 1924. The statistical subjects concerning which data were collected and compiled during that year included, among others, the following: inmates of institutions, including prisons and reformatories; births and deaths; marriage and divorce; electrical industries; manufacturing industries; wealth, public debt; and taxation; State and municipal finance; current industrial and business conditions; cotton and cottonseed; and leaf-tobacco stocks.

Preparations are being made for a census of agriculture, to be taken in January, 1925. This census, at which will be collected data in regard to acreage of farm land, acreage and production of principal crops, number and value of domestic animals, etc., will be the first census of agriculture ever taken except in connection with a decennial census of population.

During the fiscal year the Bureau issued 217 printed reports, bulletins, etc., with a total of nearly 17,000 pages and an aggregate edition of more than 3,000,000. In addition, more 1,000 multigraphed and mimeographed press releases, with a total edition of more than 1,500,000, were distributed to the press and to organizations and individuals.

During the fiscal year a number of improvements and economies in the census work were put into effect, and others already in effect were further developed. These included, among others, the bringing about of closer and more effective cooperation between the Bureau and industrial and commercial organizations, manufacturers, and State and local officials; the reorganization and simplification of the tabulation of industrial statistics; greater promptness of publication; and reduction in printing costs. As one result of these economies, the Bureau was able to return to the Treasury between \$20,000 and \$30,000 of the amount appropriated to carry on the census work during the fiscal year.

The census statistics in regard to the Bureau's numerous inquiries are published with a minimum of delay, which are issued in some cases a year or more in advance of the publication of the final reports, now present a greater amount of detail than formerly. The Monthly Survey of Current Business, the publication of which was begun in July, 1921, covers more than 1,000 indexes of commercial and industrial activity and is sent to a mailing list comprising approximately 8,500 paid subscribers, in addition to newspapers, trade associations, representatives of the United States Consular Service, and commercial attaches.

With the view of avoiding delay and duplication of work, the Director recommends legislation transferring the collection of data as to quantities of leaf tobacco held by certain classes of manufacturers and dealers from the Bureau of the Census to the Bureau of Internal Revenue.

The Census force at the close of the fiscal year 1924 comprised 792 employees. During the past 10 years the increase in the census work has been relatively much greater than the increase in the Bureau's force.

Reclassification, although raising the Census salaries to some extent, nevertheless did not remove in its entirety the handicap under which the Census Bureau has always labored as a result of its relatively low salary scale.

THE LIFE OF ROBERT LOUIS STEVENSON

Robert Louis Stevenson is our second grade class poet. He was born in Scotland on November the 13th, 1850. He liked to study and write poetry. Mr. Stevenson was kind and good to every one. He wrote many poems about children. Some of his poems that we have studied are "My Shadow," "Where Go The Boats?", and "The Wind." In these poems Robert Louis Stevenson teaches us to be cheerful and happy all the time.

Six Flagmen Aid Motorists Across Trestle, R. R. Helps Stranded Tourist

HOW TRESTLE WAS BUILT.

West Palm Beach, Fla., Special: Probably the only case in history where motorists were able to pass by hundreds over a boarded railway trestle, protected by six flagmen and two telegraph operators, who warned of approaching trains, was recorded the other day when a heavy storm washed out the concrete highway bridge at Kelsey City on the Florida East Coast Railway, holding up thousands of motorists bound for Palm Beach, Miami and other east coast resorts. The freak storm had swept down the Atlantic coast as far south as Palm Beach, flooding the country. At Kelsey City, four miles north of West Palm Beach, it washed out the highway bridge on the Dixie Highway, the only thoroughfare between North and South Florida. Hundreds of motorists were forced

to park their cars, being unable to go further. H. N. Rodenbaugh, General Manager of the Florida East Coast Railway and other officials heard of the stranded tourists. Mr. Rodenbaugh immediately rushed a gang of men by special train down from headquarters in St. Augustine. The railway trestle which runs adjacent to the highway was boarded on between the two and for a considerable distance along the tracks.

Taking elaborate precautions for the safety of the motorists, the railway officials stationed six flagmen and a telegraph operator at either approach of the tracks. The stranded motorists were aided free of charge. It would have been an easy matter for the railroad to have commercialized the situation, using flat cars at a charge. The fine example of sportsmanship and good will shown to the Florida winter visitors is being held up as guiding light to others to assist motorists when they are far afield.

LIONS HEAR DAVID MURPHY DISCUSS ROAD BOND ELECTION IN DECEMBER AND UNANIMOUSLY FAVOR THE ISSUE

"Let's put over the consolidated road bond issue," was the subject of Rotarian David Murphy, Vice-President of the City National Bank who was the principal speaker at the Lion Club luncheon Tuesday.

Rotarian Murphy said in part: "You are no doubt aware that an election has been ordered for December 16th for a good road campaign. I will content myself with saying what the paved streets have done for Mexia the good roads will do for the entire community. I dare say most of the people who were against voting bonds for this paving, given the chance, would leave the matter as it now stands. Paved streets have put Mexia on the map and a system of good roads leading out to the county and precinct lines will put Mexia and the entire country on the map. The benefits are too obvious to go into detail."

This election is to insure that we will get what is coming to us as to our amount of taxes. The reason we thought best to put over this issue at this time is: In the event a county bond issue should be put over it would mean that Mexia's tax rate would be raised and we would have no assurance of just what we would get out of it; whereas if we put this issue over at this time and get our election called and let the county election come on and absorb it as we are now absorbing two smaller districts in our election it would be better. Our money would still have to be spent for the purpose for which it was voted.

I had the privilege a few days ago of going to Groesbeck and discussing this matter with the County Judge. We all know that the Commissioners Court is to have authority in the building of these roads, and the County Judge authorized me to say that in the event this is carried he would not only be willing but would be glad to cooperate with Dr. M. M. Brown,

the citizens of Mexia and this country in the matter of letting contracts and all matters pertaining to the construction of these roads.

I went to Austin sometime in September and had an interview with the State Highway Commission, Mr. Walker, the Chairman, assured me that for sometime there would be no federal aid, as all of the funds were to be used for roads that were now ready to proceed with their construction. He advised us to go ahead and get the election and carry some, as they would not promise anything unless we could promise that we would go on with the matter, and we are now ready. I am sure that there will be no trouble in getting federal aid later, after we have carried our bond election.

I want to impress upon you the necessity of Mexia putting this over, which means that this will insure us that we will get good roads for the amount of taxes we pay. The County Court has assured us of their cooperation."

Lion President Brown thanked Rotarian Murphy for his sincere talk and the Lion Club voted to back the bond issue as a whole.

As this was the regular monthly business meeting some time was spent in announcing the committees for the coming year after which time Lion V. K. Aubrey was given a few minutes to put forth his Community Chest campaign plans, and was given the hearty support of the club.

Also a report from the campaign to raise \$10,000 in Mexia on the \$100,000 fund for Westminster College was tendered and referred to the Finance Committee. The Lions are very much interested in the welfare of Westminster and the splendid student body.

Dr. Brown read the following telegram, which was received with much appreciation:

Dr. M. M. Brown,

Laura Jean Libby's Popularity Is Gone Says Library Head

SYRACUSE, N. Y., Nov. 18.—The books of Laura Jean Libby, author of countless love and romance stories, whose death occurred recently, will know no return to popularity, according to Dr. Paul Paine, librarian of the Syracuse Public Library and literary authority.

"Laura Jean Libby's stories are of the wishy-washy type," Dr. Paine said, "with very little in them of the lasting degree of material. Despite the fact they bordered on the frivolous, her tales could not be classed as vicious. They are absolutely clean."

We collect bad account and judgments. We make hot checks (hotter). See us we will get results. Mexia Detective Bureau, City Hall. 19-T-30

Pete Mayes has resigned his position with Stuart Auto Supply company where he has been connected for the past two years, and is now in business for himself.

President Lions Club, Mexia, Texas.

Excellent opportunity afforded all Lions Thursday evening, November 20th, from seven to ten, to see the work and appraise the training of the future members of the Lions Club, now enrolled in the McKinney Street Grammar School as wide awake pupils. You are urged to be present at this exhibit.

McKinney Street School, Geo. Perkins, Prin.

This is a message sent to the members of the Lions club by the McKinney street school. They may be sure that members of the Lions club will be on hand for the exhibit of the wide awake pupils of the McKinney street school.

Surveying Pipe Line For Marland Company SAN ANGELO, Texas, Nov. 18.—Surveying from San Angelo to Kem-

Harding, Ford And Edison Charmed By Music And Simple Outdoor Life

HENRY FORD, THOMAS A. EDISON AND PRESIDENT HARDING IN CAMP

CHICAGO — Music and the simple life are the two most effective aids to physical and mental health, according to A. G. Gulbransen, piano manufacturer, in an address here.

"When Henry Ford, Thomas A.

Edison and Harvey S. Firestone

were camping in Maryland one of

the first things they wanted was a

piano," said Mr. Gulbransen. "The

instrument that had the honor to

be selected was a Gulbransen regis-

tering piano. Music from the

piano made the camp complete.

value of its wholesome effect on

brain and nerves.

"Music not only creates a keener

appreciation of beauty but it

draws emotional forces into chan-

nels of calm and restful expression.

Music is recognized by the medical

profession as valuable in the treat-

ment of nervous ailments and when

physicians know enough of music

they will prescribe courses of the

selections adapted to their

patients."

per for the first link in the Marland Oil company's pipe line from the Reagan County field was begun Monday

by Ivan B. Williams, G. W. Thomas

and C. L. Crandell, Marland Engi-

neers, who arrived here Saturday from Ponca City, Ok.

During the week just ended tests were spudded in Reagan county, by J. C. Hughes, E. L. Smith and associates of Mexia on section 5, block 9, by Cogdell & Masco on section 25, block 8, by the Mid-Kansas Oil and Gas Company on section 1125 and in Upton county by Bell & Reagan on section 2, block 4. Cogdell & Ford's well on the W. L. Foster ranch in Sterling County, spudded a few days earlier, went down 300 feet by the end of the week.

Surveying for the Marland pipe line from San Angelo westward virtually insures that the line will follow the Orient railroad to this city. This will also increase the probability of refineries here, this factor having been pointed out by E. W. Marland of Ponca City, president of the Marland companies, while here last Wednesday, following his first inspection of the Reagan county field. The survey of approximately eighty miles through Tom Green, Iron and Reagan counties will require about thirty days, barring delays and unforeseen obstacles, the engineers estimate. Whether laying of the line will begin immediately upon completion of the survey will, is believed, depend largely upon whether production is by that time sufficient to provide load for the eight or ten-inch main. Booster plants will be established along the pipe line at intervals of about forty miles. Where the pipe line will lead to from San Angelo still is a matter of conjecture. The routes considered most likely are one from this city to Pioneer, connecting there with an Humble line, and the other more direct to the Gulf, possibly via Luling.

Prayer meeting at all of the churches tonight. Come and get a blessing.
